

‘The Open Space, Wildlife Habitat, Clean Water and Increased Public Access Expenditure Plan

A. Summary

Since its creation in 1993, the Santa Clara County Open Space Authority (“OSA”) has protected over 16,000 acres of open space and natural areas, preserving the natural beauty and health of our area, and protecting our region’s water resources, air quality, wildlife and scenic views for residents today and future generations. Governed by a publicly elected board of directors, OSA has used funds wisely, bringing in state, federal, and private grant money, and providing annual audits in a transparent public process.

However, the Santa Clara County Open Space Authority currently faces significant challenges. As our region continues to grow, protecting hillsides and open spaces are increasingly important to our community. If adopted by voters, the Open Space, Wildlife Habitat, Clean Water, and Increased Public Access Measure (“Measure”) would allow OSA to protect and preserve natural open space areas for future generations by: improving parks, open spaces and trails; protecting land around creeks, rivers and streams to prevent pollution and improve local water quality; preserving wildlife habitat; expanding public access; enhancing environmental education; and protecting scenic hillsides.

The Santa Clara County Open Space Authority will ensure that the revenue generated is spent in the most efficient and effective manner possible, consistent with serving the public interest and in accordance with existing law. The Authority shall use the funding only for the purposes set forth in this Expenditure Plan (“Plan”) and it shall give priority to projects in this Plan.

The high priority potential projects listed in the Plan are the result of a broad public engagement process to create a shared vision for the future of the region’s open space. This vision plan developed by the Santa Clara County Open Space Authority, called the *Santa Clara Valley Greenprint*, identifies high priority open space and natural resource lands as identified in this Plan. If approved, the proceeds from the parcel tax would be

allocated to fund high priority projects distributed throughout the Santa Clara County Open Space Authority's jurisdiction such as those listed below.

The Authority may annually review and propose amendments to the Plan to provide for the use of additional federal, state and local funds, to account for unexpected revenues, or to take into consideration unforeseen circumstances, provided, however, that all funds collected pursuant to the Measure shall be used solely for the purposes of this Plan as presented to the voters.

B. Program Descriptions

1. Protect Open Space, Redwood Forests, Wildlife Habitat, Scenic Hillside and Agricultural Land

The purpose of this program is to permanently protect new open space lands essential to completing connections in the region's park, open space and habitat systems as identified in the Authority's *Santa Clara Valley Greenprint*, the *County Parks Acquisition Plan*, *Santa Clara Valley Habitat Plan*, and other adopted plans.

- a. Ensure permanent protection of essential open space, water resources and wildlife habitat. Areas for open space protection can include but are not limited to Baylands, East San Jose Foothills, Upper Alameda Creek Watershed, Coyote Ridge, Coyote Valley, Upper Coyote Creek Watershed, Southern Santa Cruz Mountains, Sargent Hills, Upper Pajaro River Watershed, Pacheco Creek Watershed. Protect, restore and enhance critical habitat to implement the Valley Habitat Plan such as serpentine grasslands, wetlands, redwood forests and riparian areas along creeks, rivers and streams.
- b. Leverage public and private funding and coordinate protection efforts to complete critical open space preservation
- c. Conserve the region's last remaining farmland and rangelands in and around areas such as the Coyote Valley, Morgan Hill, Gilroy and Pajaro River to protect local food and maintain environmental benefits provided by agricultural lands including water supply, groundwater recharge, flood risk reduction, and habitat protection.

3. Open, Improve and Maintain Parks, Open Space, and Trails

The purpose of this program is to maintain existing Open Space Preserves, safeguard the health of natural areas and wildlife habitat; reduce the risk of wildfires; provide more walking, hiking, biking and equestrian trails and increase opportunities for environmental education experiences.

- a. Open and expand Preserves on existing lands, including more trails for walking, hiking, biking and equestrian uses and more access points for residents; develop science-based environmental education programs and facilities, trails, and other public access facilities in appropriate locations including East San Jose/Penitencia Creek/Milpitas Foothills, Coyote Ridge, Coyote Valley, Morgan Hill El Toro Peak, Almaden Valley/Santa Teresa Hills.

4. Urban Open Space, Parks and Environmental Education Program

The purpose of this Grant Program is to assist municipalities, schools and applicable non-profit organizations within the cities of Milpitas, Santa Clara, San Jose, Campbell, Morgan Hill and urban County areas to create healthy and safe open space and park areas for their communities by: creating or improving parks; preserving open space and maintaining or creating trails; enhancing and restoring habitat, natural resources and water resources; and enhancing access to healthy food through urban farms and gardens. No more than 25 percent of the revenues generated by this funding measure will be made available for this Grant Program. The Grant Program would provide grants to cities, the County, schools and non-profit organizations on a competitive basis for the types of projects listed below within the boundaries of the OSA. Funds shall be available through an annual grant allocation process designed by the Santa Clara County Open Space Authority, in coordination with cities, the County, schools and non-profit organizations within the boundaries of the OSA. Grant allocations shall reward a diversity of projects and be balanced geographically across the Santa Clara County Open Space Authority's jurisdiction. The grant allocation process and the individual projects shall be subject to approval by the Authority's Governing Board of Directors ("Board").
