

MISSION STATEMENT

The Open Space Authority conserves the natural environment, supports agriculture and connects people to nature, by protecting open spaces, natural areas, and working farms and ranches for future generations.

OUR VISION, OUR VALLEY, OUR FUTURE

We envision the Santa Clara Valley and its surrounding hillsides as a beautiful place where a vibrant network of interconnected open spaces, trails, wildlife habitats and thriving agricultural lands enrich the region's cities, making our Valley an exceptional and healthy place to live, work, learn and play.

In our vision of the Santa Clara Valley:

- A well-managed network of open spaces, farms and ranches sustains our natural heritage and provides resilience to a changing environment
- All members of our community are aware of the values of nature and have convenient access to local recreational and environmental education opportunities
- Our drinking water is safeguarded by protecting our local creeks and watersheds, from their headwaters in the surrounding hills to the Bay
- Community investment in nature--and the essential benefits that nature provides--sustains and enhances a healthy environment and economy
- The rich heritage of the Valley's agriculture is thriving, with locally grown foods contributing to healthy communities and creating a sense of place and pride in our region
- The Open Space Authority contributes to the region's quality of life by building and sustaining public and private partnerships in all our communities
