Dear Open Space Authority Citizen Advisory Committee

The Don Edwards National Wildlife Refuge is proud to partner with Bay Area Older Adults (BAO) to give older adults safe access to this important wildlife habitat. I have been working with BAO for the past five years to educate seniors about the variety of endangered and other wildlife that make their home in the refuge, the salt pond restoration project and other habitat enhancement projects. I am excited to expand our partnership to serve visually impaired and blind seniors and look forward to organizing educational walks and tours of our visitor center as needed.

Sincerely,

Genie Moore  
Environmental Education Center Director
