Wildflower Kick-off event had over 160 people sign-up and was a simultaneous Virtual Photo Walk so people with disabilities could participate in our first event.

Art & Nature: At-Promise-Youth hike and learn to sketch nature

Latino Outdoors and SBN at Big Basin Redwoods State Park

Seniors explore the Monarch Butterflies at Natural Bridges State Beach

Saved By Nature Goals:

- 1) Eliminate barriers to access nature**
- 2) Increase accessibility for all**
- 3) Collaborate with organizations with similar values and missions**
- 4) Work towards healthier communities**
- 5) Welcome EVERYONE to environmental stewardship!**

Experience the Change

The Mission of SBN is to expose, teach, and enlighten people of all backgrounds and abilities through environmental education and working collaboratively with partners to ensure mental, physical, and spiritual healing. We strive to welcome the community, organically, to the natural wonders & recreational opportunities of the outdoors.

A San Jose-based grassroots 501(c)(3) non-profit organization we believe all members of the community should have equal access to environmental education and nature.
