PROJECT: SOUTH PAJARO RIVER AGRICULTURAL PRESERVE WELL EQUIPMENT RENOVATION

The Authority is issuing this Request for Proposals for the procurement and installation of a Variable Frequency Drive (VFD) and compatible pump motor on an existing well at coordinates 36.97300110066606, -121.50887137359278 in Gilroy, California.

REQUEST FOR PROPOSALS
South Pajaro River Agricultural Preserve Well Equipment Renovation

BACKGROUND & SCOPE OF WORK
PURPOSE OF REQUEST FOR PROPOSALS
The Santa Clara Valley Open Space Authority (Authority) is soliciting proposals from qualified consultants with expertise in installing agricultural well equipment.

BACKGROUND
The Authority is an independent special district created on February 1, 1993, by an act of the Legislature and is governed by a seven-member elected board of directors. The Authority serves a large portion of Santa Clara County by protecting sensitive lands, preserving natural communities, and managing open space. The Authority has preserved over 30,000 acres, which include three preserves with over 26 miles of trail. Activities on the preserves include hiking, cycling, horseback riding, and nature study.

The Authority manages a property in Gilroy, California, called the South Pajaro River Agricultural Preserve (SPRIV). SPRIV is in active cultivation of organic agriculture. SPRIV contains an irrigation well that is equipped with a 75 horsepower single-speed motor that provides a water output of approximately 1200-1500 gallons (located at these coordinates: 36.97300110066606, -121.50887137359278).
OBJECTIVES
Authority staff have identified a need to upgrade the well equipment at this location. The existing equipment operates at a single speed: when a lower water output is needed, the flow can be restricted but the pump motor will still operate at full speed, which leads to unnecessary expenditures of electricity and inefficient water usage. The installation of a Variable Frequency Drive (VFD) would resolve these inefficiencies and prolong the life of infrastructure at this property. The current pump motor itself is not guaranteed to be compatible with the new equipment and is itself in need of upgrading due to wear. It is desirable that the installation of the VFD accompany the installation of a new inverter-duty motor. The VFD should be rated for at least 75 horsepower and 105 amps.

SCOPE OF WORK
The Authority is seeking a qualified consultant possessing any necessary certifications related to installing agricultural well equipment and who should be able to show evidence of experience in this work.

Project tasks include but are not limited to:

• Installation of a VFD and inverter-duty motor on the existing well at the location described above.

• Installation of any necessary fixtures and concrete platforms needed at the site.

• Connection of the equipment to existing power sources and ensure operability.

• If the work is performed during active agricultural irrigation (dates prior to October 15th), actual downtime of existing well equipment should be limited to 2 days to ensure the availability of water to the agricultural fields at the site. Work should be completed prior to November 1st, 2023.

7. **Non-Discrimination**

During and in relation to the performance of this Agreement, Contractor agrees as follows. Contractor shall not discriminate against any employee or applicant for employment because of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex (including pregnancy, childbirth, breastfeeding or related medical conditions), gender, gender identity, gender expression, sexual orientation, age (over 40), military and veteran status of any person, or any other non-merit factor unrelated to job duties and protected by law. 8. **Indemnification**

a. Contractor agrees to indemnify, hold harmless, defend and protect Authority, its directors, officers, officials, employees, agents and invitees, from and against any and all claims, losses, damages, demands, liabilities, suits, costs, expenses (including attorneys' fees), penalties, judgments, or obligations whatsoever arising out of, pertaining or relating to the negligence, omission, recklessness or willful misconduct of Contractor, its employees, subcontractors, or agents, or on account of the performance or character of the Services or in any way related to activity conducted by Contractor, except for any such claim resulted from the sole negligence or the intentional and willful misconduct of Authority, its officers, directors, agents or employees. The provisions of this section shall survive the termination or expiration of this Agreement. It is understood that the duty of Contractor to indemnify and hold harmless includes the duty to defend as set forth in section 2778 of the California Civil Code. Acceptance of insurance certificates and endorsements required under this Agreement does
not relieve Contractor from liability under this indemnification and hold harmless clause. This indemnification and hold harmless clause shall apply whether or not such insurance policies shall have been determined to be applicable to any of such damages or claims for damages.

b. The provisions of this section shall survive the termination or expiration of this Agreement.

9. **Insurance**
   a. Contractor shall procure and keep in force during the term of this Agreement, at Contractor's own cost and expense, the following policies of insurance with companies licensed to do business in the State of California, which are rated at least "A" or better by A.M.    iii) Business Automobile Liability Insurance for each of Contractor’s vehicles used in the performance of this Contract, including owned, non-owned (e.g., owned by Contractor’s employees), leased or hired vehicles, in the minimum amount of **$1,000,000** per occurrence for bodily injury and property damage; and

   iv) Professional Liability Insurance (or Errors and Omissions Insurance) in the minimum amount of **$1,000,000**. The policy must contain a cross liability or severability of interest clause. If the policy is on a claims-made basis, coverage must extend to a minimum of three (3) years beyond completion of the services provided pursuant to this Agreement. If coverage is cancelled or non-renewed, and not replaced with another claims made policy form with a “retroactive date” prior to this Agreement’s effective date, Contractor shall purchase “extended reporting” coverage for a minimum of three (3) years after completion of the services provided pursuant to this Agreement.

All required insurance shall be placed with California-admitted insurers. Upon request, Contractor shall provide to Authority proof of insurance or proof of renewal of each insurance policy at least thirty (30) days prior to the expiration of the insurance policy as long as this Agreement remains in effect.
Contractor certifies that Contractor is aware of the provisions of Section 3700 of the California Labor Code, which requires every employer to be insured against liability for Workers' Compensation or to undertake self-insurance in accordance with the provisions of that Code. Contractor shall comply with the provisions of Section 3700 of the Labor Code before commencing the performance of the work under this Agreement.

In the event that any coverage required under the Agreement is reduced, limited, or materially affected in any other manner, Contractor shall provide written notice to Authority at Contractor's earliest possible opportunity and in no case later than five days after Contractor is notified of the change in coverage.

In the case of the breach of any provision of this section, Authority may, at Authority’s option: (1) take out and maintain, at the expense of Contractor, such types of insurance in the name of Contractor as Authority may deem; (2) order Contractor to stop work under the Agreement until Contractor complies with the insurance requirements required by this Agreement; or (3) terminate this Agreement.

b. Other Insurance Provisions. The policies shall include or be endorsed to include, but not limited to, the following provisions:

i) Authority, its officers, officials, employees and volunteers are to be covered as additional insureds as respects: liability arising out of activities performed by or on behalf of Contractor; products and completed operations of Contractor, premises owned, occupied or used by Contractor, or automobiles owned, leased, hired or borrowed by Contractor. The coverage shall contain no special limitations on the scope of the protection afforded to Authority, its officers, employees or volunteers, and no endorsement shall be attached limiting the coverage. Contractor shall furnish Authority with certificates of insurance and with original endorsements effecting coverage required by this clause.

ii) Contractor's insurance coverage shall be primary insurance as respects Authority, its officers, officials, employees and volunteers. Any insurance or self-insurance maintained by Authority, its officers, officials, employees or volunteers shall be in excess of Contractor's insurance and shall not contribute to it.

iii) Any failure to comply with reporting provisions of the policies shall not affect coverage provided to Authority, its officers, officials, employees or volunteers.

iv) Contractor's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

b. **Wages.** As required by law, Contractor shall pay all workers not less than the general prevailing rate of per diem wages for each trade or classification for the job during the term of this Agreement. These rates include, but are not limited to, employer payments for health and welfare, pension, vacation, travel time, subsistence pay and for apprenticeship and training obligations. The current issue of the Director of the Department of Industrial Relations for the State of California general prevailing wage rates for straight time, overtime, Saturday, Sunday, and Legal Holidays is herein incorporated as part of this Contract. Holiday wage rates shall apply to holidays recognized in the collective bargaining agreement of the particular craft or classification concerned. Any and all revisions to the general prevailing wage rates that take effect during the Contract shall be adopted as part of this Contract. Contractor shall post Prevailing Wage Rates on job site. Copies of the general prevailing wage rates are on file and available for review on request at Authority’s principal office: 33 Las Colinas Lane, San Jose, CA 95119. The Contractor and any subcontractor under the contractor shall, as a penalty to the Authority, forfeit not more than two hundred dollars ($200) for each calendar day, or portion thereof, for each worker paid less than the prevailing wage rates as determined by the Director of the Department of Industrial Relations for the work or craft in which the worker is employed for any public work done under the contract by the Contractor or, except as provided in subdivision (b) of Labor Code § 1775, by any subcontractor under the Contractor pursuant to Labor Code § 1775.

c. **Claims Against the Authority and Indemnification.** Authority will not recognize any claim for additional compensation because of payment by Contractor of any wage above the general prevailing wage rates. The possibility of wage increases is an element to be considered by Contractor in determining its bid and may not under any circumstance form the basis of a claim against Authority. Contractor hereby agrees, on behalf of itself and any subcontractors, to indemnify, hold harmless and defend the Authority against any claim for damages, compensation, fines, penalties or other amounts arising out of the failure or
alleged failure of the Contractor or any of its subcontractors to pay prevailing wages as required by law or to comply with the other applicable provisions of Labor Code Section 1720 et seq. and implementing regulations of the Department of Industrial Relations in connection with the Project.

d. *Skilled Workers.* Contractor and all subcontractors shall only employ workers suitably skilled in the Work. Anyone employed by Contractor to work on the Project, or any subcontractor, who in the opinion of the Authority is incompetent, disorderly, or otherwise acts improperly, after written notification, shall be dismissed from the Project and not further employed on any part of the Work.

e. *Character of Workers.* Anyone employed by Contractor to work on the services required of this Agreement, or any subcontractor, who in the opinion of the Authority is incompetent, disorderly, or otherwise acts improperly, after written notification, shall be dismissed and not further employed on any part of the services set forth in the Scope of Work.

The Contractor or subcontractor shall, as a penalty to the state or political subdivision on whose behalf the contract is made or awarded, forfeit twenty-five dollars ($25) for each worker employed in the execution of the contract by the respective contractor or subcontractor for each calendar day during which the worker is required or permitted to work more than eight (8) hours in any one calendar day and forty (40) hours in any one calendar week in violation of the Labor Code §§ 1810-1815.

g. *Apprenticeship Standards.* Contractor shall comply fully with the requirements of California Labor Code § 1777.5 regarding employment of registered apprentices. If Contractor willfully fails to comply with this code section, Contractor may be denied the right to bid on any Authority contract for a period of one (1) year from the date of non-compliance determined by the California Division of Apprenticeship Standards. When Authority receives from the Division notice that Contractor is not in compliance with apprenticeship standards, Authority shall withhold from Contract payments the amount of the civil penalty imposed by the Division, which funds may be released to Contractor upon order of the Administrator or upon completion of the Contract.

h. *Workers’ Compensation.* Each contractor to whom a public works contract is awarded shall sign and file with the Authority the following certification prior to performing the work of the contract: “I am aware of the provisions of Section 3700 of the Labor Code which require every employer to be insured against liability for workers’ compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the work of this contract.”
Contractor shall execute such certificate, attached hereto and incorporated herein as Exhibit B, pursuant to Labor Code §1861.

Payroll records shall be certified and shall be available for inspection at all reasonable hours by the Authority and a copy shall be made available for inspection or furnished to the employee, the employee's authorized representative, the Authority, the California Division of Labor Standards Enforcement and the California Division of Apprenticeship Standards upon request. Unless required to be furnished directly to the Labor Commissioner in accordance with paragraph (3) of subdivision (a) of Section 1771.4, the certified payroll records shall be on forms provided by the Division of Labor Standards Enforcement or shall contain the same information as the forms provided by the division. The payroll records may consist of printouts of payroll data that are maintained as computer records, if the printouts contain the same information as the forms provided by the division and the printouts are verified in the manner specified in subdivision (a) of Labor Code § 1776.

Contractor shall submit weekly or monthly certified payroll records to the Department of Industrial Relations either electronically. Contractor may submit monthly certified payroll records using Department of Industrial Relations Form A-1-131 in lieu of submitting electronic certified payroll records if (a) the project qualifies for a “small project” exemption under Labor Code § 7125.5(f), or (b) Authority determines Contractor lacks the resources or capacity to submit electronic payroll forms. Contractor shall submit certified payroll records to Authority within 10 days of a request for submittal by the Authority.

Contractor shall retain copies of certified payroll records for four years after the audit year in which wages were paid, or until the expiration of all applicable statute of limitations period(s), whichever is later.

Except as provided in subdivision (f) of Labor Code § 1776, any copy of records made available for inspection as copies and furnished upon request to the public or any public agency by the Authority or the Division of Labor Standards Enforcement shall be marked or obliterated to prevent disclosure of an individual's name, address, and social security number. The name and address of the contractor awarded the contract or the subcontractor performing the contract shall not be marked or obliterated.

At the request and expense of the Contractor, securities equivalent to the amount withheld shall be deposited with the public agency, or with a state or federally chartered bank in this state as the escrow agent, who shall then pay those moneys to the contractor.
